The Instructional Strategic / Perspective plan is effectively deployed

The Institutional perspective plan aligns with the vision and mission of the institution which are the constant driving factors for improving academic quality policies and strategies.

At the beginning of the academic year, various bodies and committees that constitute the Organogram of the institution, check out the strategic plan of events and activities which will support the growth and development in these key areas and at the end of the year, a review is taken about implementation and the outcomes of the perspective plans. One such broad area in which the Institutional Perspective and Strategic plan has been successfully implemented is that of Teaching, Learning and Research.
